

YOU'RE INVITED

PATHWAYS TO HEALING

Developing Crisis Teams in Native Communities

We invite Tribal/Urban Indian Health Providers, Tribal Family Services, Tribal First Responders, Cultural Leaders, and community members!

ATTEND A FREE TWO-DAY TRAINING

In tribal communities, crisis response for drug overdose, suicide, and other emergency situations is often community-based and may include people who respond to crises but may not have formal training to do so. This two-day training will offer opportunities to learn and practice essential skills to address crisis in tribal communities.

TOPICS INCLUDE

- Overdose response
- Suicide prevention
- De-escalation techniques

SESSIONS WILL FEATURE

- Best practices
- Group discussion
- Role-play and practice

Register Now: bit.ly/path-crisis-training
