CONTRACTOR COST REPORT INSTRUCTIONS  
FY 2019/2020**

**GENERAL INFORMATION:**

- ❖ Cost report submission includes the following items:
  - ❑ **Electronic copy of County Cost Report Schedules**
  - ❑ **Audited Financial Statements and supporting schedules that tie to the County Cost Report Schedules submitted for the cost reporting period.**
    - If audited Financial Statements are not available by the date of submission, send the un-audited Financial Statements used to prepare the Cost Report.
    - If your Financial Statements do not flow to Cost Report, submit all supporting schedules to trace numbers from Financial Statement to Cost Report forms.
    - If your fiscal year is not the same as Riverside County's (July 1, 2019 through June 30, 2020), submit multiple financial statements to account for the entire year. For example, if you are on a January through December calendar year basis, submit one financial statement from July 1, 2019 through December 31, 2019 and another financial statement from January 1, 2020 through June 30, 2020 along with schedules to trace numbers from the Financial Statements to the Cost Report forms.
  - ❑ **A schedule of your published charges (the rates you charge the public).**
  - ❑ **Cost report submission must be emailed to [costreport@ruhealth.org](mailto:costreport@ruhealth.org).**
- ❖ **NEW for FY1920, you must submit two separate Cost Report for the following periods to cover COVID expenses:**
  - **July 1, 2019 – February 29, 2020**
  - **March 1, 2020 – June 30, 2020 (settled at actual cost)**
- ❖ According to your contract with Behavioral Health, final payments (if applicable) to the Contractor shall not be made by the County until receipt of a properly prepared Cost Report.

A **properly prepared Cost Report** means that the Contractor has correctly submitted the items listed above and final cost reports are agreed upon by both County and Contractor. **If the County has received a Cost Report that is not complete or contains errors/issues that remain unresolved, the Contractor will not be considered to have properly prepared a Cost Report and the County will therefore have the right to hold future payments.**
- ❖ A separate set of cost report schedules must be prepared for each program code for your agency with Behavioral Health.
- ❖ All information that need to be completed by your Agency are highlighted in green on the Cost Report schedules.
- ❖ When entering dollar amounts on the Cost Report forms, be sure to include cents. The Cost Report
